

Property Finance - FAQ

1. Who can apply for an Ajman Bank mortgage Finance?

1. UAE Nationals
2. UAE Residents - Expatriates

2. What is the product definition and Islamic structure followed by Ajman Bank for financing Completed properties?

Individual (Salaried or Self Employed) who are interested in buying residential properties or Investment Real Estate properties but do not have money to pay the developer or seller in lump sum, Banks help these customers to buy their dream property by getting the finance and repay the amount in installment on monthly basis. These properties can be in form of Apartments, Villas, Townhouses, compound villa, buildings, etc. legalized by UAE government and subject to be completed as per evaluation report.

Ijarah: Under the Ijarah transaction, the Bank (referred as 'Mu'jir') will purchase the property as requested by the customer (referred as Musta'jir) and allow the customer, the right to use it and the benefits of the property for a predetermined period of time and in return the customer will pay a pre-determined agreed rent (referred as 'Ujrah').

The corpus of the property remains in the ownership of the owner (Ajman Bank), but only its usufruct i.e. the right to use it, is transferred to the lessee (Finance Customer). This is also known as Ijarah Muntahia Bitamleek.

3. What is the product definition and Islamic structure followed by Ajman Bank for financing under construction properties?

Under this product variant, customer approaches the Bank and requests for construction financing. The following types of construction finance are offered under Forward Ijarah:

1. **Istisna Purchase:** In this agreement, bank appoints the customer as its contractor to construct the property. The customer is responsible for the construction and progressive payments are released to the customer on submission of completion certificates. Post completion, bank will lease the property to the customer Ijarah payments.

The progressive payments are released to the customer and the evidence of the payment to the contractor needs to be submitted by the customer back to the bank. The customer is not allowed to make any alterations in the approved construction plan prior to the bank's approval.

The Istisna purchase agreement and covers all the risk mitigants associated with appointing customer as a contractor.

2. **SPA:** If customer is buying a property from the developer and the down payment is not yet made, bank will sign the SPA (Sales & Purchase Agreement) directly with the developer. Customer will make a down payment or pay the initial payments to the developer followed by the payments from the bank till property handover.

This SPA needs to be Shariah compliant and approved by Ajman Bank Legal dept/Shariah Dept.

3. **Tripartite Agreement or Assignment Agreement:** If a customer is purchasing an under-construction property from the developer and has made the down payment (or any other payment related to property) to the developer, the customer will surrender his rights on the property by way of tripartite agreement. Bank will be the new owner in developer's records and the progressive payments (after required down payment from the customer) will be made directly to the developer till property handover. The Tripartite agreement/assignment agreement needs to be approved by Legal/Shariah dept.

In all the three types of financing arrangements, the customer is liable to pay the profit accrued during the construction period as an advance rental. The monthly Ijarah installments start only after the handover period, as Forward Ijarah converts into an Ijarah contract post completion, and it is therefore classed as a 'lease contract.' The profit for construction period is collected as advance rentals during the construction period.

4. What are the minimum monthly income requirements?

1. UAE Nationals:
 - a) Salaried - AED 15,000
 - b) Self Employed - AED 25,000
2. UAE Residents (Expats):
 - a) Salaried - AED 20,000
 - b) Self Employed - AED 25,000

5. How much finance can a customer avail for 1st Rank

Mortgage? UAE Nationals:

First Rank Mortgage (Ready Property)

80% Finance to value in case the value of the property is \leq 5 MN

70% Finance to value in case the value of the property is $>$ 5 MN

UAE Residents - Expats:

First Rank Mortgage (Ready Property)

75% Finance to value in case the value of the property is \leq 5 MN

65% Finance to value in case the value of the property is $>$ 5 MN

In case of under construction properties, the downpayment would be 50%

6. How are properties classified?

Properties are classified as follows:

a) Freehold Properties

The properties which are given or sold by the developers/sellers and give buyer (i.e. UAE Nationals and Expatriates) the rights to own are termed as free hold properties. Freehold properties are built on specific locations as approved by the government authorities.

b) Non-Freehold Properties

Non free hold properties pertain to areas where UAE Nationals & GCC Nationals (specific areas) can buy properties. The title deeds / mortgage deeds are issued by respective municipality and hence are eligible for finance. In most of such cases, the title deed is issued in the name of the customer and the bank's name is mentioned as mortgagee; such documents are called as mortgage deeds and are acceptable as per Ajman Bank policy.

c) Leasehold Properties

Leasehold gives you the right of possession, but not ownership, of a property for an agreed period of time.

Leasehold is usually for a fixed period of time, and it will set out details of obligations of the leaseholder for

repairs and maintenance of the property. The leasehold properties are available for both Nationals and Expatriates in UAE. However, this segment will only be opened subject to Legal and Sharia approval.

7. What are the different segments under Property Finance and the transactions under each of them?

i. Segment 1: Standard Ijarah / Forward Ijarah (1st Degree):

Different Types of Transactions allowed: -
